

REMARKS

In view of the following discussion, the Applicants believe that all of these claims are now in allowable form.

I. IN THE SPECIFICATION

The Examiner objects to the specification because of informalities. Specifically, the Examiner objects to incorporations by reference found in the specification on pages 1, 2 and 4. The Applicants respectfully note that the references are non-essential material that simply provides background information and that the URLs are cited simply as an example of where one may find a copy of the publication cited.

Regardless, in response to the Examiner, the Applicants herein delete the URLs associated with the actual citation of the published references. No new matter is added. In addition, for the convenience of the Examiner, the Applicants herein provide copies of the non-essential materials incorporated by reference as requested in the Interview held on April 16, 2007 between the Examiner and the Applicants' representative.

II. ALLOWABLE SUBJECT MATTER

The Applicants thank the Examiner for indicating that claims 3-5 and 8-10 are allowed.

Conclusion

Thus, the Applicants submit that all of these claims now fully satisfy the requirements for patentability. Consequently, the Applicants believe that all these claims are presently in condition for allowance. Accordingly, both reconsideration of this application and its swift passage to issue are earnestly solicited.

If, however, the Examiner believes that there are any unresolved issues requiring the issuance of a final action in any of the claims now pending in the application, it is requested that the Examiner telephone Mr. Kin-Wah Tong, Esq. at (732) 530-9404 so that appropriate arrangements can be made for resolving such issues as expeditiously as possible.

Respectfully submitted,
